

'Sweet Tea' Heucherella

Heucherella x 'Sweet Tea'

- ❁ Large mound of deeply-lobed leaves that change with the seasons. In spring leaves emerge amber-orange with a cinnamon-brown star pattern in the centre while in summer, russet, copper and cinnamon tones dominate. Sprays of small white flowers appear in late spring.
- ❁ Foamy Bells are a hybrid between Coral Bells and Foam Flowers combining the best traits of both into one. Foliage should not be trimmed back in the fall, but plants may be tidied up in spring by removing any withered or tired-looking leaves

Height: 20 Inches
