

Nicky Summer Phlox

Phlox Paniculata 'Nicky'

- ✿ A wonderful color, one of the very darkest of the purples, with florets of a solid rich deep plum. Interestingly, the deepest color appears to show only on well-established plants, and may not be evident the first year or two
- ✿ The large flower clusters of summer phlox create a spectacular show in the summer border. Sweetly fragrant as well, they attract hummingbirds and butterflies to your garden. All summer phlox are superb for cutting
