

# Vareigated Sweet Flag

*Acorus gramineus 'Variegatus'*

- ❁ Forms a low mound of narrow sword-shaped leaves, striped lengthwise with green and creamy-white.
- ❁ Beautiful accent plant for a moist rock garden or beside a pool or stream.
- ❁ Leaf tips may need to be trimmed with scissors in the spring to tidy them up. If clumps begin to thin out in the center, plan on dividing them during the spring.

**Height: 8-12 Inches**

**Zone 5**
