

Thunderbolt Box Honeysuckle

Lonicera nitida 'Golden Glow'

- ❁ Flashy chartreuse foliage is offset by white slightly scented flowers in late spring
- ❁ Naturally dense form. Let it cascade naturally or trim it to shape as desired.
- ❁ Great as an accent in the border, mass planted around trees or patio or even as a hedge. Semi-evergreen. Heat and drought tolerant once established

Height: 3-4 Feet

Zone: 5

Thunderbolt Box Honeysuckle is in reused pots, please disregard any codes written on the pots.
