

# Prairie Mallow 'Starks Hybrid'

*Sidalcea 'Starks Hybrid'*

- ❁ Prairie Mallow's are easy to grow perennials with 2 inch, satiny pink saucer shaped flowers, which resemble miniature hollyhocks
- ❁ Flowers are held high above dark green basal foliage. Provides a nice vertical accent in the garden
- ❁ Free flowering from late summer till frost, should be deadheaded to ensure continuing blooms
- ❁ Attracts butterflies and hummingbirds and is an excellent cut flower

**Height: 36 Inches**

**Zone: 5**

**Starks Hybrid Prairie Mallow is in recycled pots,  
please disregard any codes written on the pots**
