

Narrowleaf Bluestar

Amsonia hubrichtii

- ❁ Narrow, needle-like leaves that line the stems like bottle brushes. Surprisingly, they are soft as silk to the touch. From late spring thru early summer, clusters of small, light blue, star-shaped flowers are borne above the short mound of ferny foliage.
- ❁ Easy and carefree, the foliage turns a beautiful golden hue in fall
- ❁ Native to North America

Height: 2-3 Feet

Zone: 4
