

Black Chokeberry Elliot

Aronia melanocarpa 'Elliot'

- ❁ Fragrant white flowers in early to mid spring followed by edible dark purple to shiny black berries that ripen in late summer.
- ❁ Berries are extremely high in nutrients. Shiny green foliage turns orange-red in fall
- ❁ Astringent taste repels deer and rabbits from nibbling on this plant
- ❁ Suckers freely for naturalistic plantings.

Height: 3-6 Feet

Zone: 2

To help you identify the different varieties of Chokeberry we write a code on the side of the pot. The code for Elliot Black Chokeberry is E
