Echinacea Purpurea 'Pow Wow Wildberry'

- ❁ Differs from other coneflowers for flower color, branching and compact plant size. Huge, incredibly vivid magenta flowers are held on stiff stems that have a superior branching habit that results in more flowers per plant. Blooms continuously for a long period. No deadheading required
- ❁ Provides food for finches and other small birds, and attracts butterflies to your garden.
- ❁ Easily grown. Extremely drought tolerant and very reliable over winter
