

Ozark Sundrops

Oenothera Macrocarpa/Missouriensis

- ❁ Large, bell shaped, canary yellow blossoms with a crepe like texture appear above the rich green foliage. Low growing, trailing habit makes this plant suitable for use as a groundcover or trailing over walls and from baskets. Flowers are mildly fragrant and produced in profusion
- ❁ Extremely drought tolerant. Flowers close up at night

Height: 4 Inches

Zone: 5

Full Sun

Low Maintenance

Ground Cover

Drought Tolerant
