

# Elderberry

*Sambucus Canadensis*

- ❁ Elderberry is a hardy, rapid growing shrub with clusters of white flowers in spring followed by purple-black fruits. These fruits are excellent for making pies, jam and wine.
- ❁ Native to Ontario and often seen growing along country roadsides. Good for naturalizing effect, roadside plantings, wet or low areas or as a screen, where suckering spread is acceptable
- ❁ Birds adore the fruits
