

Sweet Woodruff

Galium Odoratum

- ❁ Twinkling flowers and fresh green foliage, gives a lovely display from spring through autumn. This diminutive and delicate-seeming plant is one of the best carpeting groundcovers available for the shady woodland garden. It blooms in late springtime with white star like flowers that have a pleasant scent, but it's the leaves of sweet woodruff which are prized for their fragrance
- ❁ Spreads underground by creeping roots

Height: Groundcover
