

Glowing Embers Hydrangea

Hydrangea Macrophylla 'Alpenglow'

Full and dense mophead flowers (to 8" across) are a deep vibrant rose-red to a rich burgundy-purple depending on the acidity of the soil.

Flower color is affected by pH. For blue flowers, the soil must be more acidic and for pink flowers the soil must be more alkaline. Apply aluminum sulfate to the soil to encourage blue flowers

Height: 4-5 Feet

Zone: 5

To help you identify the different varieties of Hydrangea we write a code on the side of the pot. The code for Glowing Embers Mophead Hydrangea is **GE**
