

Hop Tree

Ptelea trifoliata

- ☼ Sprays of tiny, star shaped, greenish-white flowers in late spring to early summer, whose nectar attracts pollinators. Blossoms are followed by hanging seed clusters that mature to chocolatey brown and persist through most of the winter
- ☼ Dense, rounded shrub or small tree with trifoliate, lustrous dark green leaves that turn greenish-yellow in fall
- ☼ Native to Ontario & Quebec

Height: 15-20 Feet

Zone: 4
