

# Northline Saskatoon Serviceberry

*Amelanchier alnifolia* 'Northline'

- ❁ Large edible fruit, called saskatoons, are sweet and tasty. Saskatoons are purple-blue in colour and resemble blueberries. High yielding variety.
- ❁ Covered in showy clusters of slightly fragrant white flowers in early spring before the leaves emerge.
- ❁ Attracts birds & pollinators to the garden. Fruit is eaten fresh and used in jams, jellies and other desserts.
