

Wild Strawberry

Fragaria virginiana

- ❁ Profusion of small, white flowers with yellow centres in late spring to early summer. Blooms are followed by a crop of bright red berries that are sweet & tart in flavour.
- ❁ Makes an attractive ground cover and can be used in hanging baskets. Great for patio planters! Excellent for erosion control or the woodland garden.
- ❁ Also known as Scarlet Strawberry
- ❁ Native to Ontario

Height: 4-7 Inches

Zone: 4
