

# Jantar Cedar

*Thuja Occidentalis 'Jantar'*

- ❁ Invigorating, cheerful yellow foliage on this narrow upright pyramidal grower. More branches leading to a denser appearance than most yellow cedars.
- ❁ As the cooler weather approaches the golden leaves take on a mellow orange to amber hue
- ❁ Can be sheared if desired
- ❁ Trouble free and reasonably fast growing

**Height: 8-10 Feet**

**Zone: 3**

Full Sun

Partial Sun

Evergreen

Moist, Well-Drained

**Jantar Cedar is in recycled pots,  
please disregard any codes written on the pots.**
