

Boston Ivy

Parthenocissus Tricuspidata 'Veitchii'

- ❁ A wonderful ornamental vine with elegant, dark green glossy leaves which turns brilliant red in fall. It is sensational for covering stone walls, bricks, fences and arbors, it can turn the mundane side of a masonry building into a stately wall of foliage
- ❁ Dark blue berries in fall provide food for birds. The berries are visible in autumn following leaf drop and provide food for birds. Self Clinging

Height: Will Climb 40 Feet

Zone: 5
