

Ruby Carousel Barberry

Berberis Thunbergii 'Bailone'

- ❁ Deep purplish-red foliage on upright arching stems. The small oval leaves turn an outstanding brilliant red in the fall. Clusters of yellow flowers hang from the branches and are followed by showy red fruits.
- ❁ Sharp needles will keep any interlopers out.
- ❁ One of the most effective foliage plants, it tolerates shearing, making it a good choice for a hedge or topiary.
