

# Spotted Bee Balm

*Monarda punctata*

- ❁ Narrow aromatic leaves on purplish stems are topped with showy rounded clusters of creamy purple-spotted tubular flowers. Leaf-like pink, lavender or creamy bracts form beneath each flower cluster
- ❁ Flowers are edible and can be used to garnish plates, add to a cool summer salad or to make tea with the leaves
- ❁ A must have plant for attracting hummingbirds and butterflies to your garden!
- ❁ Native to Ontario & Quebec

**Height: 24-30 Inches**

**Zone: 4**

**Spotted Bee Balm is in recycled pots,  
please disregard any odes written on the pots.**
