

Hens & Chicks 'Gold Nugget'

Sempervivum 'Gold Nugget'

- ❁ Brilliant golden yellow rosettes are tipped in electric red-orange during the cooler months of the year. In mid summer the rosettes transform to vibrant lime green.
- ❁ Very drought and heat tolerant, extremely low maintenance. Great for planting in crack and crevices of walkways or stone walls. Makes an effective groundcover and great in containers
- ❁ Comprised of one large rosette (the 'hen') which sprouts many smaller rosettes around it (the 'chicks').
